**MESSAGE:**

**I**

**Resource Unit Ldr on the Lolo Complex said t he Demob request for VA crewmember will be placed on Sunday 8/25 for him to travel home on 8/27.**

Jim obtained the IC signatures on the extension request for the MS crew on the Wise River RD and will submit it to NRCC tomorrow to be processed by them along with the extension requests for the VA, TN, and both NC.

I discussed possible reassignments for the MS and both NC crews as their present assignments appear to be shutting down. It does not sound like there will be a problem finding reassignments to the end of their extended 21 day assignment. They are aware of the situation and will be cooperating with dispatch centers where the crews are presently working if and when their current assignments come to an end.

The VA and TN crews on the Lolo Complex appear to be in good position to work on that complex to the end of their 21 day assignment. Also, there are 7 more crews coming in to the Lolo Complex...
